

# V. mednarodni simpozij o večjezičnosti – Vloga jezika v izobraževanju

## V. International Symposium on Multilingualism – The Role of Language in Education

### V. Simposio Internacional de Multilinguismo – O papel da língua na educação

Slovenski etnografski muzej vas vljudno vabi na  
**V. mednarodni simpozij o večjezičnosti**

#### VLOGA JEZIKA V IZOBRAŽEVANJU

**v torek, 2. decembra 2025, med 15.00 in 18.00,  
v Slovenski etnografski muzej, Metelkova 2,  
Ljubljana (upravna hiša SEM).**

Simpozij združuje izobraževalce, kulturne delavce in člane skupnosti ter ponuja navdihujoč prostor za učenje, izmenjavo in odprt dialog o sožitju ljudi z različnimi ozadji. Poudarja ne le številne prednosti večjezičnosti, ampak tudi realne izzive, ki jih prinaša v različnih okoljih. Z izpostavljanjem jezika kot ključa do izobraževalnih priložnosti, socialne mobilnosti in smiselnega sodelovanja, dogodek poudarja njegovo ključno vlogo pri oblikovanju bolj vključujočih in pravičnih učnih okolij. Cilj simpozija je tudi opolnomočiti družine in izobraževalce pri podpori večjezičnim otrokom in s tem krepiti poti za socialno integracijo večjezičnih družin.

Dogodek organizira Društvo slovensko-portugalskega prijateljstva v sodelovanju s Slovenskim etnografskim muzejem, Filozofsko fakulteto Univerze v Ljubljani in Centrom MAPU – Centrom za transdisciplinarne raziskave Latinske Amerike, podpira pa ga Inštitut Camões in Veleposlaništvo Portugalske v Avstriji.

The Slovene Ethnographic Museum kindly invites you to the  
**V. International Symposium on Multilingualism**

#### THE ROLE OF LANGUAGE IN EDUCATION

**on Tuesday, 2 December 2025, from 15.00 to 18.00,  
at the Slovene Ethnographic Museum, Metelkova 2,  
Ljubljana (administration building SEM).**

Bringing together educators, cultural practitioners, and community members, the Symposium offers an inspiring space for learning, exchange, and open dialogue on the coexistence of people from diverse backgrounds. It highlights not only the many advantages of multilingualism but also the real-world challenges it poses across different settings. By emphasizing language as a key to educational opportunity, social mobility, and meaningful participation, the event underscores its vital role in shaping more inclusive and equitable learning environments. The Symposium also aims to empower families and educators in supporting multilingual children, strengthening pathways for the social integration of multilingual families.

Organized by the Slovenian-Portuguese Friends Association, in collaboration with the Slovene Ethnographic Museum, the Faculty of Arts of the University of Ljubljana and Center MAPU – Center for Transdisciplinary Research of Latin America, the event is supported by the Camões Institute and the Portuguese Embassy in Austria.
